About Me

Full-stack developer and AI enthusiast focusing on MERN stack, cloud services, and AI agents. Led innovative projects like **AI Multimedia Generation Platform** and **Conversational Loan Underwriting Assistant**, delivering functional solutions for semi-urban and rural areas. Experienced collaborating with cross-functional teams to design, deploy, and maintain scalable applications.

Education

Bachelor of Technology – Cloud Computing & Automation, Vellore Institute of Technology, Bhopal Aug 2022 – Present
High School (12th Standard), Kendriya Vidyalaya No.1 Salt Lake, Kolkata Apr 2020 – May 2022

Skills

Programming & Web: Python, Java, HTML, CSS, JavaScript, MySQL
Cloud & DevOps: Amazon Web Services (AWS), Cloud Computing
Automation & Integration: n8n, Zapier
Frameworks & Tools: React, Next.js, Node.js, Express.js, Tailwind CSS, Prisma, Stripe, Email.js
Other Tools: Git, Render, Blender, Tinkercad, FDM 3D Printing

Projects

Conversational AI Loan Assistant (SaralLoan) Mar 2025 – Apr 2025

- Developed a full-stack mobile loan app with AI-powered conversational assistant, OTP authentication, and instant loan offers.
- Built REST APIs with Node.js, integrated Gemini AI chat, managed MongoDB Atlas, and deployed backend on Render.
- GitHub Links:** Frontend - SaralLoan-frontend, Backend - SaralLoan-backend

AI Multimedia Generation Platform (Genius) Mar 2023 – Apr 2023

- Built SaaS AI platform for image, video, audio, and code generation.
- Researched AI tools and integrated Next.js, React, Tailwind CSS, Prisma, and Stripe for a robust, scalable solution.
- GitHub Link:** Saas-AI-Platform

Aqua Cloud Innovators Project Dec 2023

- Designed a nanotechnology-based fog-water harvesting concept inspired by biomimetics (Namib Desert beetle).
- Modeled 3D filter components with Blender & Tinkercad and analyzed ecological impact with scientists for sustainable deployment.
- GitHub Link:** Aqua Cloud Innovators Project

Internship

AI and Automation Intern, MIRAI School of Technology, Gurugram (Virtual) Jul 2025 – Aug 2025

- Applied prompt engineering (RTFC framework) to optimize project development.
- Designed automated workflows using Zapier and n8n for app integration.
- Built full-stack portfolios with front-end/back-end integration and services like Email.js.

Extracurricular Involvement

English Literary Club, Bhopal (Technical Wing – Core Member, Dec 2023 – Present) – Organized and supported technical events and workshops, managed online forms, analyzed event data, streamlined workflows, planned and coordinated events, and managed the club's online magazine.

Achievements:

- Gold Medalist – Aarambh 2022 Football Tournament
- Smart India Hackathon (SIH) 2023 – Grand Finalist | Team Aqua Cloud Innovators (PSID: SIH1328)
